DREAMING

gardens of spirit to nurture heart and soul

COURSE REGISTRATION

HEALING GARDEN DESIGN - AN INTRODUCTION

I'm very excited to welcome you as a participant on this course in Healing Garden Design. It is quite possibly the first course of its kind worldwide, a new beginning in how we connect people to nature every day. In asking the questions on page 2, I am interested in your experience and learning about healing, wellness, gardens, design and spirituality. It is relevant if you have learnt something, whether that be a personal experience or professional one. Please email the form back to me as soon as possible along with the payment agreement form. If you cannot scan the signed form, just photograph it and email or send by post.

The course dates, time and venue are all on the brochure you have received. With the uncertainty of repetitive lockdowns impacting workshops, I am now doing a little pivot thing and planning that we'll definitely run the course on zoom and should the Gods prevail and we can all meet face to face, then it will be in person at the Mitcham venue. In the case that all 3 days end up being on zoom, I will schedule a further additional half day in order to complete the part of the course that must be done in person. The cost will be the same either way.

Further information for the first day will be emailed in the week prior to beginning the course. You do not need to prepare anything other than a clear mind and open attitude, however it is recommended that you prepare to spend some time during the week following the course to work through the small design project that will be set.

Lunch, morning and afternoon tea will be provided on each day, catered by a local cafe. In the case us being on zoom, this catering cost will cover the additional day that will be scheduled.

Please be detailed with any food allergies, dietary requirements and preferences. If your needs are complex and you prefer to bring your own, please let me know and a reduction of fee will be provided (if we are in face to face mode). There is a small kitchen, kettle, fridge and microwave available.

Thank you, I look forward to meeting you, with all the anticipation of a teacher full of passion to help you learn and grow!

Betsy-Sue Clarke
